

In the Drawings:

Enclosed is substitute drawing sheet 3 for Fig. 3. Subject to the approval of the Examiner, it is respectfully requested that the new drawing sheet 3 be substituted for the originally filed drawing sheet for Fig. 3. An extra copy of the original drawing sheet 3 is not included, as no changes to numbering have been made.

Remarks

The above Amendment and these Remarks are in reply to the Notice of Allowance and Fee(s) Due mailed 11/23/05. The Examiner accepted the originally filed drawings submitted Dec. 10, 2003 in the Notice of Allowance and Fee(s) Due mailed 4/26/05. However, Applicants request that the originally submitted drawing sheet 3 be replaced with substitute drawing sheet 3 submitted herewith.

It is submitted that no new matter is added by this amendment. Rather, the substitute drawing provides a more accurate rendering of a head suspension assembly as known in the art; and therefore, Applicants believe that at most, substitution of drawing sheet 3 can serve to clarify any possible visual confusion regarding the drawings as originally submitted, and most likely serves only an aesthetic improvement of the drawings as originally submitted. Applicants assert that no substantive changes in the drawings are intended or result.

In view of the above, it is respectfully requested that the Amendments set forth above be entered.

The Commissioner is hereby authorized to charge any deficiencies or credit overpayment to Deposit Account No. 06-1325. A duplicate copy of this authorization is enclosed.

Respectfully submitted,

Date: 2/17/06
